

# PURGE SOLVENTS

CUSTOM TAILORED TO FIT YOUR SYSTEM

Chemical Solvents, Inc., provides Purge Solvents designed for 1K, 2K, Hi Solids and H<sub>2</sub>O based paint systems. They are custom tailored to fit your system. They are built to accommodate your permit requirements.

**BUILT TO  
ACCOMMODATE  
YOUR PERMIT  
REQUIREMENTS**

## FEATURES:

Adjusted to meet HAP's and VOC needs with minimal waste through solvent recovery.

Purge Solvents provide maximum solvency for increased efficiency and optimization of your solvent system.

Provide reliable and consistent color changes and provide reduced chemical cost per piece.
